

ATTENTION DRIVERS

As everyone is aware the Fond Du Lac County Fair is new to us in 2010.

As you review our rules, we understand that they are different from what you are a custom too. So feel free to contact us for any clarification or questions. We are aware of the differences between the rules you have been running under and ours. We will work closely with you, the drivers, to make the transition as painless as possible.

Our primary set of rules on this site is for every derby we do. This makes your car that you build legal at every derby we run. As with every **NEW** derby we do, the rules must be adjusted initially base on the totality of what the drivers want. We want the transition to be gradual and comfortable for both parties. If you don't see a rule, call us and ask so we can all have a complete understanding.

With that said be assured that we will review the past rules and take them into consideration when we are inspecting your vehicle. We want everyone to run and we will get your vehicle where it needs to be. You just need to be patient and respectful. We will talk about what needs to be done with the driver or one pitman. We are not going to argue with you or your whole crew.

We will try and take some time during the event either at the drivers meeting or between shows to talk to everyone as a whole about the changes, so everyone is comfortable in 2011

With change brings questions and concerns for all, and with any new event some drivers will be happy and some wont. We are here for you, the driver, because it's you and your family that supports this sport hands down.

There will be two shows with one main event per class. All main events will be in the second show. This will give you as a driver more time to work on your vehicle as well as give you more chances to qualify.

Classes we will run

• Full size Trucks and Vans	• Midsize 4-6 cylinder
• Mini Trucks and Vans	• Compact 4 cylinder
• Full size V-8	• Powder-Puff

Payout will be announced at the drivers meeting. The total purse will be the same as last year and will be paid out depending on the number of cars in each class. Heat winners and main event winners will receive both money and trophy.

Again please call with any questions
